

CREATIVES WITHOUT BORDERS

INNOVATION WITHOUT LIMITS

EIT Culture & Creativity is the ninth **Innovation Community** by the European Institute of Innovation and Technology (EIT). It is designed to **strengthen and transform Europe's Cultural and Creative Sectors and Industries (CCSI)** by increasing its innovation capacity and competitiveness.

EIT Culture & Creativity will **unlock latent value from a multitude of small CCSI stakeholders** through technology transfer, improved cross-sectoral collaboration and their effective integration in production value networks. It takes a holistic approach to innovation:

- Technology & Business innovation
- Artistic Innovation
- Social Innovation

It will also harness the unique position of the CCSI to facilitate the Triple Transitions in Europe: **Green, Digital and Social.**

The EIT Culture & Creativity has been designated in June 2022, is setup in 2023 and will be fully operational in January 2024. We aim for the following outputs by 2037 to deliver systemic impact (blue circles).

EIT Culture & Creativity will run 10 Action Programmes serving 5 Strategic Objectives.

- **SO1 Education.**
Make students and professionals future-proof.
- **SO2 Innovation.**
Create cross-domain opportunities.
- **SO3 Creation.**
Build strong ventures for impact and growth.
- **SO4 Society.**
Regenerate values and social cohesion.
- **SO5 Systems.**
Drive transformative change.
